

This July marks an important milestone for OLIAROS: The OLIAROS Energy Community, the OEC, is now a reality, powering 46 of our homes, with 100% PV power for the next 24 years, for a fixed cost of 3.9 cents/kwhr.

PENINSULA House is on the cover of the ELLE Decor Italia July/August 2026 issue.

ATRAPOS House is featured in The Plan, July 2026 issue, while it has been commended by the DoMa Awards 2026.

In this edition, we will share an invitation to discover one of Athens' most unique addresses, *M18*, nestled within the garden of the Acropolis Museum.

We will also share our latest sales updates, last-minute Villa Rentals availability, and early booking and viewing opportunity for the 2027 season.

Meanwhile, the OLIAROS Realty activity continues with strong momentum as the 2026 season progresses, with four properties under contract.

The OLIAROS Energy Community (OEC)

We are delighted to announce that, as of 30 July 2026, the OLIAROS Energy Community (OEC) is reality!!

Forty-six members of our community, mostly found on Antiparos, will now benefit from 100% photovoltaic power for the next 24 years, at an effective fixed cost of just €0.039 per kWh.

This milestone reflects our long-term commitment to sustainability and innovation. By securing clean, renewable energy at a stable and highly competitive cost, the OEC significantly reduces our environmental footprint while providing long-term energy certainty, independent of market volatility, geopolitical developments, or other external pressures, and equally importantly with zero visual impact on Antiparos, since our parks are located in mainland Greece.

PENINSULA House on...

ELLE DECOR Italia featured KRATIR, our first house, on its cover in 2004, designed by Deca Architecture.

22 years later ELLE DECOR Italia features PENINSULA, in the July/August 2026 issue, our new house, designed by Atelier Bow-Wow.
